Dear Academic Editor,

Enclosed please find our revised manuscript, titled 'MassWaterR: Improving quality control, analysis, and sharing of water quality data', to be considered as a research article in PLOS ONE. Please consider this article as a software submission.

We have carefully evaluated the comments from Reviewer 2 and have made appropriate changes where needed. Point-by-point responses are provided to each comment and are included with our second resubmission.

As before, we greatly appreciate the opportunity to publish this work in PLOS ONE. Please feel free to contact us directly should additional information be needed.
